

Morgana DocuFold S

High speed suction-fed folder for fast, accurate folding across a wide range of media.

Designed for small to medium print rooms, this high performance suction-fed paper folder delivers fast, accurate folding across a wide range of paper sizes and stocks. A reliable suction feeding system ensures consistent handling from lightweight through to mid range media, while adjustable speed settings allow you to match productivity to every job.

With integrated double-sheet detection, quick-set templates for the most common international paper sizes and fold-pocket auto-set function, operators can achieve quick set-up, steady performance and professional folding quality, with minimal intervention. An optional stand is available to create a complete, ergonomic finishing solution.
