

Plockmatic MX-BM50 **for Sharp**
Booklet Maker

MX-BM50

Finishing first.

Plockmatic Group develops, manufactures and markets an extensive range of document finishing systems sold under the Plockmatic and Morgana brand names. These products work inline or offline together with the world's best digital printing systems.

We make booklets. We also mail, fold, crease, perforate and bind documents with extraordinary precision. Quite simply, we turn stacks of printed paper into the beautifully finished documents you use every day.

MX-BM50.

The Plockmatic MX-BM50 is a modular in-line booklet making solution for centralized reproduction departments and commercial print providers - large and small. Customers can choose from a range of cost-effective options to support their application requirements. The system is packed with a host of unique technologies that deliver finished books with quality to match today's printing systems.

Customers are demanding more media versatility from digital print. The Plockmatic MX-BM50 is designed from the ground up to work with today's coated, uncoated and textured paper stocks.

We work closely with Sharp and workflow partners to ensure tight integration between the booklet making system and the printer. This supports ease of use and allows operators of different skill levels to get the most out of the entire printing system. Booklets are enhanced with the SquareFold finish to provide the professional look and feel of a perfect bound book.

MX-BM50

Technical Specifications

Booklet Maker	
Paper Size (Min)	Width 206mm
	Length 275mm
Paper Size (Max)	Width 320mm
	Length 457.2mm
