

Plockmatic LCT3500 **for Ricoh**

Plockmatic LCT3500

It begins with
a blank piece
of paper.

The Plockmatic LCT3500

The all new Plockmatic LCT3500 Large Capacity Tray is the first long sheet dual tray feeder for Ricoh production printing systems. Print providers are looking to expand the range of formats they can offer their customers. They also want to take full advantage of the new generation of expanded format booklet makers from Plockmatic. The Plockmatic LCT3500 handles long sheets as easily as standard sizes. Oversize printing has gone mainstream.

The feeder comes standard with two trays with a combined capacity of 3500 sheets in lengths up to 700mm. The drawers are vacuum fed with our unique Adaptive Fan Control to support up to 400gsm media.

A new Sheet Size Detection feature supports all standard formats for automatic setup. The optional LSM Long Sheet Module provides a third pick point and is capable of feeding banner sheets up to 1260mm long.

The printed application needs to work harder and smarter than ever before. Digital long sheet applications like landscape/ oversize booklets and three or four-panel brochures are a common customer requirement. The Plockmatic LCT3500 makes it possible to print these applications in quantity.

Multiple pick points allow different oversize media types to be combined in a single job.

Long sheet mixed media printing goes mainstream.

Technical Specifications

LCT3500 Large Capacity Tray

Paper Size Min. Ricoh Pro™ C7200s Series	120x210mm
Paper Size Min. Ricoh Pro™ C9200 Series	120x487.8mm
Paper Size Max.	330x700mm
Stock Range	65 - 350gsm (up to 400gsm dependent on paper type and quality)
Paper Types	Plain, Index, Coated, Recycled paper
No. of Trays	Dual (Vacuum)
Tray Capacity	3500 sheets of 80gsm plain paper (2 x 1750 sheets)
Double Feed Detection	Optical and ultrasonic sensors, two independent systems
Auto Sheet Size Detection	Yes, on standard paper sizes
Tray Status Indicators	Individual tray LEDs in segments of four indicating paper amount and status
Compatible Print Engines	Ricoh Pro™ C7200s Series Ricoh Pro™ C9200 Series

LSM Long Sheet Module Option

Paper Size Min. Ricoh Pro™ C7200s Series	120x210mm
Paper Size Min. Ricoh Pro™ C9200 Series	120x487.8mm
Paper Size Max.	330x1260mm
Stock Range	80 - 400gsm (up to 450gsm dependent on paper type and quality)
Paper Types	Plain, Index, Coated, Recycled paper
No. of Trays	Single, mounted on top of LCT3500 (Air/Friction Hybrid)
Tray Capacity	700 sheets of 80gsm plain paper
Double Feed Detection	Optical sensors
Tray Status Indicators	Single tray LED indicating activity
