

## Plockmatic BLM450e and BLM435e for Canon

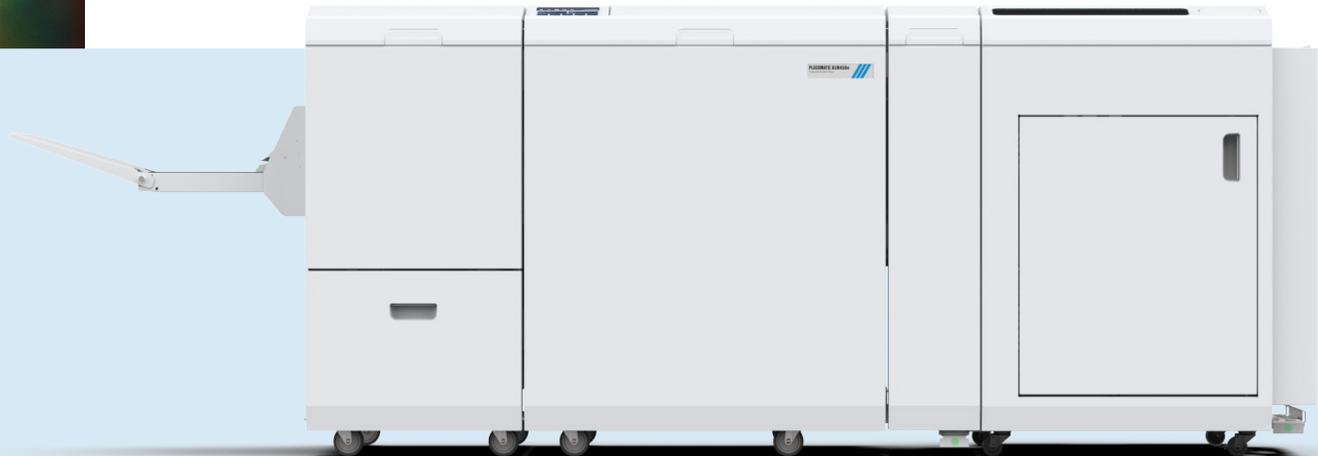

## BLM435e and BLM450e

---

Integrated booklet making system, combines **robust** and **reliable** performance with a **wide range of applications**, including landscape format.

Add our signature square-folded finish to A4 size landscape format documents

### **Bookletmaking made easy**

The BLM450e and BLM435e are versatile booklet makers designed for low to mid-volume digital production environments. Together, they deliver booklets of exceptional quality and is able to feed the new long printed sheets to produce a variety of applications, including A4 landscape booklets, which is becoming an increasingly important expectation of the device. All production features like folding,

spine forming, and full bleed trimming, are combined in one single, easy to use system. Its multi-purpose nature also allows for other finishing applications such as corner and edge staple documents. And the 50 Sheet Performance Kit increases booklet thicknesses to up to 200 pages.

---

Add our signature **square folded finish** to A4 landscape format documents **for the appearance of a perfect bound book.**

## Deliver high quality applications

The base unit folds and staples booklets and corner or edge stapled sets up to 140 or 200 pages depending on configuration. The BLM435e/450e uses the latest patented Plockmatic technologies to deliver top quality output in a wide range of print applications. The set positioning mechanism enables the operator to easily adjust the staple and fold position on the fly.

## User Interface

Simple to use 7" touchscreen graphical interface with easy job setup and adjustment of applications.

## Skew adjustment for a perfect result

The new generation Plockmatic booklet makers help operators achieve better results than ever before. A new set compiler allows for higher precision folding and control with adjustable Skew compensation.

## Smarter connectivity for production

The new DFD+ interface creates tighter integration between Canon production presses and the BLM450e/BLM435e. Auto Paper Size enables automatic setup, intelligent trimming, and error-free operation, while the system processes multiple queued jobs with varying sizes and sheet counts seamlessly. Adaptive sheet timing boosts throughput for a smooth, efficient inline workflow.

## Corner and Edge stapling capability

Corner and edge stapling is the fast and easy solution for producing meeting notes, reference documents, hard copies of PowerPoint presentations and more. Corner and Edge stapling modes utilizes the existing staple heads with minimal operator intervention.

## Key Features

- Square folded booklets from A6P to A4 size landscape and beyond
- Corner stapled documents in portrait A4 size
- Edge stapled documents in portrait and landscape A4 size
- Up to 140 or 200-page booklet capacity
- Supports up to 660mm long sheets
- Average monthly volume of 30k booklets
- Max monthly volume of 40k booklets

## BLM435e and BLM450e

---

The **BLM435e/450e** is **compatible** with the following Canon **imagePRESS** and **varioPRINT** print engines:

imagePRESS V900 series

---

imagePRESS V1000

---

imagePRESS V1350

---

varioPRINT 140 Series QUARTZ

---

---

## Maintenance free staple heads

High-wearing parts are built into the easy to replace staple cartridge itself. You'll spend less time worrying about maintenance and more time making great looking booklets.

## Booklet Makers

The BLM450e can staple and fold up to 50 sheets of 80gsm, creating booklets of up to 200 pages. The BLM435e is capable of 35 sheets, creating 140 page booklets.

## Hand Feed Bridge

This feature allows pre-produced output to be turned into high quality booklets and documents.

## RCT Rotate Crease Trim module (optional)

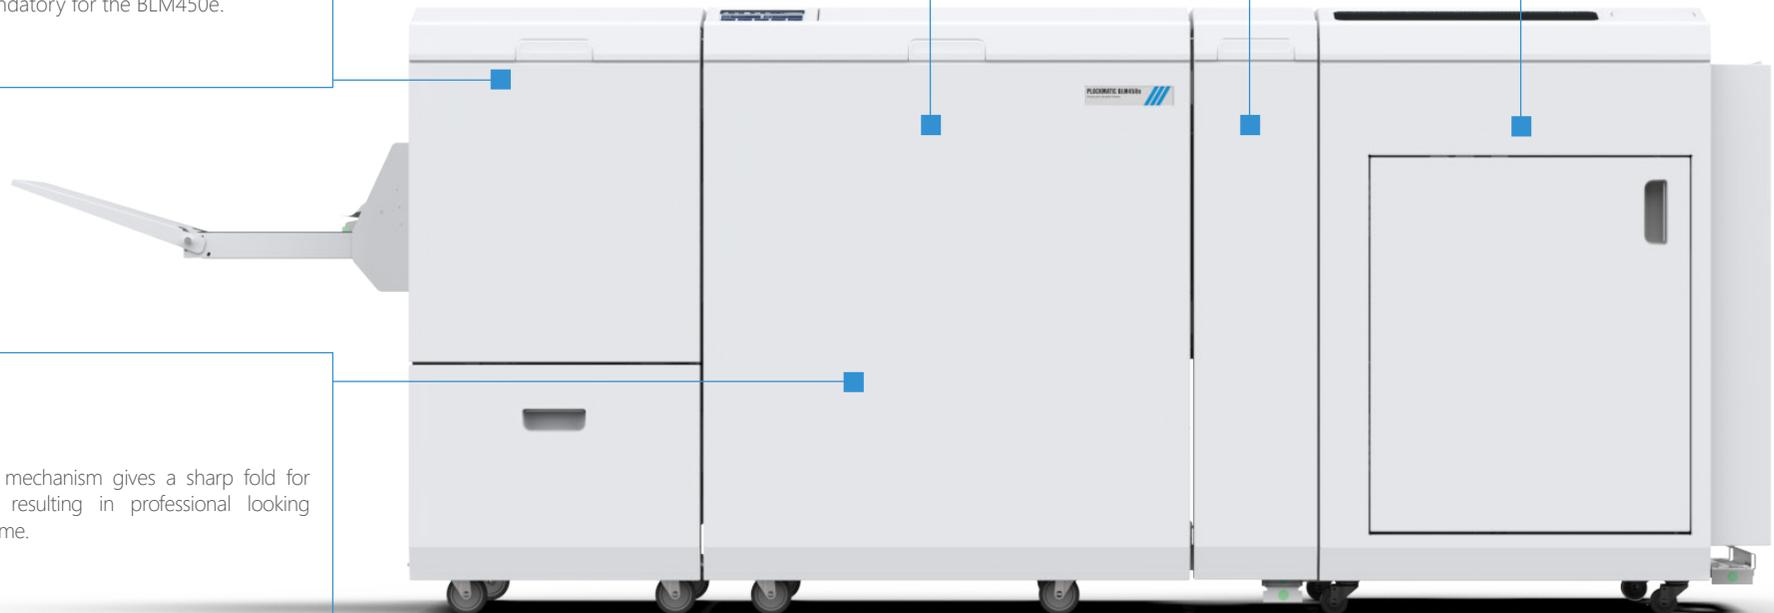

RCT Rotate Crease Trim module provides professional looking, full bleed trimmed and creased booklets. This option requires an FM400e finishing module.

## Finishing Module FM400e (optional)

The Face Trimmer module includes a new wide range-trimmer and Square folding-mechanism in one unit. This module is mandatory for the BLM450e.

## Fold mechanism

The Patented fold mechanism gives a sharp fold for every application, resulting in professional looking documents every time.

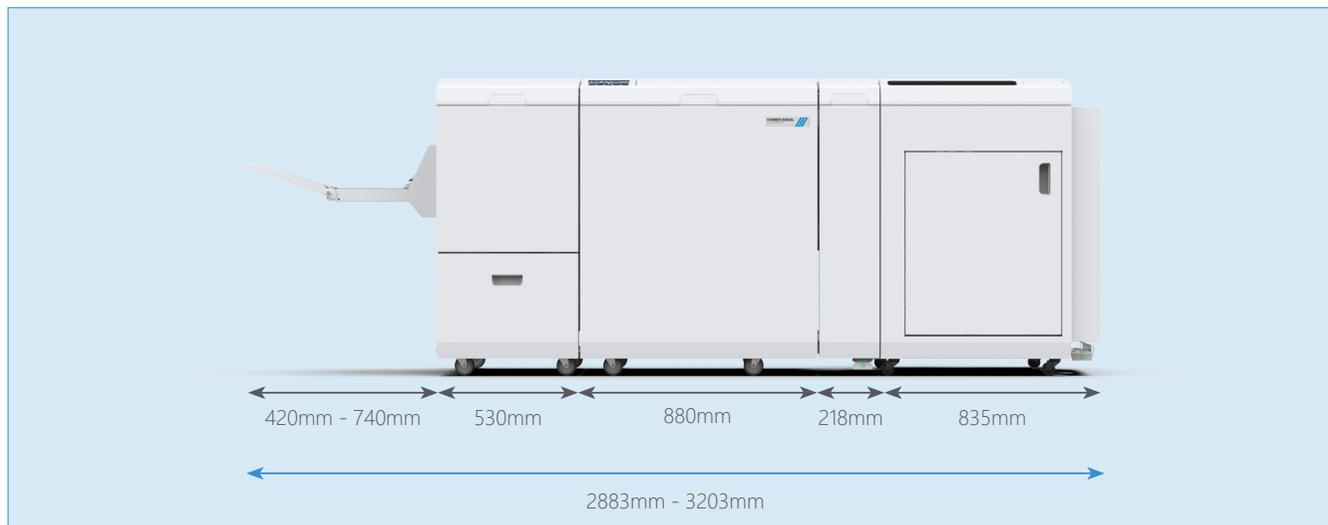

# Specifications

# BLM450e and BLM435e

BLM435e / BLM450e	
Paper sizes	From 145mm x 210mm to 320 x 660mm (330x620 with optional RCT)
Finished book sizes	From 145 x 99mm to 320 x 330 (320 x 310 with optional RCT)
Stock range	64gsm to 300gsm depending on media type, up to 350gsm on certain media
Book thickness (folded with staples)	BLM435e: 2-35 sheets, BLM450e: 2-50 sheets (80gsm)
Book thickness (folded without staples)	Up to 2 sheets
Face trimmer range	2 to 231mm, adjustable in 0.1mm increments
Bleed Trimmer	Integrated in optional RCT module, slitter type
Bleed trimmer range	5 to 30mm on each side
Creasing	Two tools: fine and coarse creasing profiles, possibility to crease Cover and/or Center sheet
Rotation	Integrated in optional RCT module for smaller sheet sizes (A4 and SRA4)
Canon Compatibility	imagePRESS V900 series imagePRESS V1000 imagePRESS V1350 varioPRINT 140 Series QUARTZ

# Plockmatic Group

## About us

Plockmatic Group develops, manufactures and markets an extensive range of document finishing systems sold under the Plockmatic, Morgana, Intec and Renz brand names. These products work inline or offline together with the world's best digital printing systems.

We make booklets. We also mail, fold, crease, perforate and bind documents with extraordinary precision. Quite simply, we turn stacks of printed paper into the beautifully finished documents you use every day.

Plockmatic works closely with Canon and workflow partners to ensure the easiest possible integration of the booklet making system. With new simplified programming, this makes it easy to use and allows operators of different skill levels to produce a wide range of booklets efficiently.
